

COVID-19 Update

3-15-20

We are currently working closely with local public health experts along with the LCSD #1 to develop an action plan during this urgent time. According, we will follow LCSD #1 and close both PODER and PASS **starting tomorrow, Monday, March 16th**. Schools will remain closed until at least **Tuesday, April 7th**.

We will then follow LCSD guidance as to when it is recommended to re-open the schools and then send out notification as soon as possible. During these closures, there will be no front office staff at either school although staff will be accessible via email.

During this closure, we will go through and deep clean both schools out of an abundance of caution.

- Parent / teacher conferences will be cancelled for the 3rd quarter, along with all after-school programming, to include chess-team and tutoring.

Please see the Superintendent's announcement on the LCSD #1 homepage for more information.

Thank you for your support!

PODER / PASS Administrative team
